Disclaimer

Information in this document is subject to change without notice. The manufacturer does not make any representations or warranties (implied or otherwise) regarding the accuracy and completeness of this document and shall in no event be liable for any loss of profit or any commercial damage, including but not limited to special, incidental, consequential, or other damage.

WEEE Directive & Product Disposal

At the end of its serviceable life, this product should not be treated as household or general waste. It should be handed over to the applicable collection point for the recycling of electrical and electronic equipment, or returned to the supplier for disposal.

Introduction

This USB-C to Dual HDMI Adapter supports maximum 4K@60Hz resolution in single display. It can extend your image/video from your phone or notebook to an external display such as the Projector, HDMI-based monitor. Whether you need to extend a monitor for work, stock market or conference, this adapter is of great help to assist you with your task.

Features

- Support single or dual 4K@60Hz display.
- Support 95W power delivery for your host Laptops.
- The HDMI ports can extend your display up to two HDMI monitors.
- Mirror and Extend modes offer more operational possibilities.
- Compatible with Type-C Alt-mode Laptops.
- No external power adapter or driver needed.

System Requirements

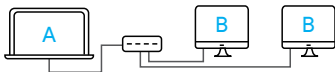

- Microsoft Windows 7/8/10/11
- Mac OS 10.8 or later (Can extend a different display ONLY)

Display Resolution

Systems Scenarios	Windows	Mac OS
Single Display	4K@60Hz	4K@60Hz
Dual Display	Dual 4K@60Hz(DP1.4) 4K@60Hz+4K@30Hz(DP1.2)	Dual 4K@60Hz (Mirror)

Note:

1. When connected with Apple computer, our product supports 1 external monitor.
2. Mac OS is Single-Stream Transport mode, so only one video source can be output such as ABB (A is the primary display).

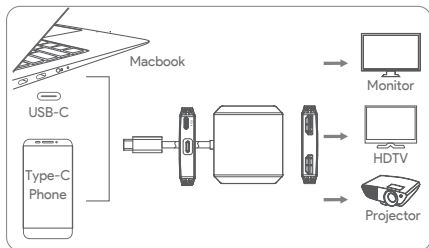

In the Box

- 1 x USB-C to HDMI Dual Display Adapter
- 1 x Quick Start Guide

Operation

Connect the adapter to the laptop or phone with USB-C port, then connect the adapter to the TV, Projector or other HDMI-based monitors with HDMI port.
